

2020.04.07-01 Release Notes

Last Modified on 12/18/2020 9:35 pm EST

Activity log enhancements, new third party patching support for Inkscape on Windows

Enhancements:

- Events with highly similar data are now hidden from activity log. The “Last 25” option has been removed as a filter. The user’s last selection for a date range filter will be remembered and applied next time they visit the page.
 - New third party patching support for Inkscape on Windows
-
